Education

Full Stack Web Development (full time)
Masai School, Bengaluru
September 2022 - October 2023

Bachelor of Technology (Civil Engineering)
Delhi College of Technology and Management
August 2015 - June 2019

Technical Skills

- JavaScript
- CSS3
- Express.js
- Node.js
- React
- RESTful APIs
- HTML5
- MongoDB
- Responsive Web Design
- Next.js
- Redux
- Generative AI
- Prompt Engineering

Soft Skills

- Adaptability
- Attention to Detail
- Teamwork
- Time Management

Certifications

Prompt Engineering
Masai School, Bengaluru

Faheem Hamid

Full Stack Web Developer

Professional Summary

Dynamic full-stack web developer skilled in React.js, Node.js, and Express.js with proven experience in the MERN stack. Adept at creating scalable web applications, optimizing database queries, and using generative AI. Quick learner with excellent problem-solving and collaboration abilities to enhance development workflows.

Experience

- | | | |
|-------------------------|--------------------------|-------------------------|
| Digrowfa Pvt Ltd | Full Stack Web Developer | January 2024 - May 2023 |
|-------------------------|--------------------------|-------------------------|
- Proficiency in web application development using React, Redux, Next.js, and Radix UI.
 - Implemented efficient state management with Redux for maintaining application state, enhancing the user experience.
 - Developed server-side rendering applications with Next.js to improve performance and application speed.
- | | | |
|--------------------------------------|---------------|------------------------|
| M/S Radiant Engineering Works | Site Engineer | August 2019 - May 2022 |
|--------------------------------------|---------------|------------------------|
- Supervised construction projects, ensuring compliance with specifications, timelines, and quality standards, showcasing strong project management skills.
 - Coordinated teams and resources effectively, demonstrating excellent organizational and workflow optimization capabilities.
 - Implemented rigorous safety protocols, achieving a 100% accident-free record, reflecting meticulous attention to detail.
 - Produced detailed inspection and progress reports, facilitating informed decision-making, showcasing strong communication and reporting skills.

Projects

- | | | |
|--------------------|--------------------------------|----------------------------------|
| CodeMorpher | Live Demo Link | Github Repo Link |
|--------------------|--------------------------------|----------------------------------|
- HTML5
 - CSS3
 - React
 - JavaScript
 - Node.js
 - Express.js
 - Responsive Web Design
- Developed a Code Converter App using generative AI within two days.
 - Implemented key features such as code conversion, debugging assistance, and automated code quality checks.
 - Utilized JavaScript, Node.js, Express.js, and React to create the project.
 - Demonstrated proficiency in core technologies of the MERN stack.
 - Showcased adaptability and quick learning abilities by rapidly acquiring and applying new tech skills.
